LIST OF WORKS RELATING TO INDIAN CULTURE

PUBLISHED IN
THE BIBLIOTHECA INDICA
ASIATIC SOCIETY OF BENGAL.

THE Bibliotheca Indica is a collection of works belonging to or treating of Oriental literatures and contains original text-editions, as well as translations into English, and also grammars, dictionaries, bibliographies and studies.

The publication was started in 1849, and consists of an Old and a New Series. The New Series was begun in 1860, and is still running.

As a rule the earlier issues in the series consist of fascicles of 96 or 100 pages print, but at present the numbers are issued in larger bulk, and as much as possible in complete volumes under a single issue number. Several different works are always simultaneously in progress. Each issue bears a consecutive issue number. The Old Series consists of 265 issues; in the New Series, till October, 1929, inclusive, 1503 issues have been published. These 1768 issues represent 250 different works; these works again represent the following literatures:—

Sanskrit, Prākṛta, Pāli.
Rājasthānī, Kāshmirī, Hindī.
Tibetan.
Kui.
Arabic, Persian.

Several works published are partly or wholly sold out, others are still incomplete and in progress. A few works, though incomplete, have been discontinued.

Two price lists, one describing the Indian and the other the Islamic works published in the Bibliotheca Indica, are available and may be had on application. These lists are periodically revised.

The standard sizes of the Bibliotheca Indica are three :—

Demy (or small) octavo.

Royal (or large) octavo.

Quarto.

The prices of the Bibliotheca Indica as revised in 1923 are based (with some exceptions) on the following scale per unit of 96 or 100 pages in a fascicle as the case may be :—

Size.	Contents.	Per unit of 96 or 100 pages
Demy octavo..	Oriental text only	Rs. 0 12 0
	Text and translation, English notes, etc., mixed; or translation only ..	„ 1 0 0
Royal octavo..	Oriental text only	„ 1 0 0
	Text and translation, English notes, etc., mixed; or translation only ..	„ 1 4 0
Quarto ..	Oriental text only	„ 2 0 0
	Text and translation, English notes, etc., mixed; or translation only ..	„ 2 8 0

There are some exceptions to this scale, which in each case are indicated in the price lists. For the calculation of prices each part of a unit in excess of the 96 or 100 pages counts again as a full unit.

Single issues may be bought separately, but three years after the completion of a work no complete sets are broken for the sale of loose component parts.

Each issue bears, besides its issue number, a fascicle number indicating its place in the work and volume to which it belongs.

With the issue of this notice all previous prices and price lists are cancelled.
